Results-driven Junior Software Developer with 2 years of experience in full-stack web development. Skilled in Python and JavaScript, with hands-on exposure to REST API development and cloud deployment using AWS.

CORE SKILLS

Python Programming • JavaScript Programming • Web Development • SQL • Cloud Computing • Cybersecurity Awareness

WORK EXPERIENCE

Junior Software Developer | TechSolutions Philippines Inc. | Feb 2023 – Present

- Developed and maintained REST API endpoints using Python (FastAPI) for internal HR systems.
- Built responsive web interfaces using React and JavaScript, improving user interaction speed by 30%.
- Wrote and optimized SQL queries for PostgreSQL databases serving over 5,000 active users.
- Participated in code reviews and applied basic cybersecurity practices such as input validation and token authentication.

Web Development Intern | Kodelab Digital Studio | Jun 2022 – Jan 2023

- Assisted senior developers in building company website features using HTML, CSS, and JavaScript.
- Deployed static web pages to AWS S3 and configured CloudFront for faster content delivery.
- Documented code changes in GitHub and submitted pull requests for review.

EDUCATION

Bachelor of Science in Computer Science — University of the Philippines Diliman, 2022

CERTIFICATIONS

- AWS Certified Cloud Practitioner – Amazon Web Services, 2023
- Python for Everybody – Coursera / University of Michigan, 2022
