Registered Nurse with 6 years of clinical experience in medical-surgical and critical care settings. Proficient in patient assessment, clinical documentation, and interprofessional collaboration.

CORE SKILLS

Patient Assessment Support • Medical Terminology • Clinical Documentation • Caregiving • Basic Life Support • Medication Assistance

WORK EXPERIENCE

Staff Nurse – ICU/CCU | Makati Medical Center | Feb 2019 – Present

- Monitored and assessed vitals, lab results, and clinical status of critically ill patients in a 12-bed ICU.
- Documented nursing care plans, physician orders, and incident reports in Meditech EHR with 100% completeness.
- Administered medications, IV therapies, and wound care following hospital protocols and PNA standards.
- Responded as first responder in code blue situations, performing CPR and BLS protocols.

Staff Nurse – Medical-Surgical Ward | Philippine General Hospital | Jul 2017 – Jan 2019

- Cared for a census of 8–10 post-operative and medical patients per shift in a tertiary government hospital.
- Collaborated with physicians, pharmacists, and therapists to coordinate patient care plans.
- Conducted health education to patients and families regarding medication compliance and discharge care.

EDUCATION

Bachelor of Science in Nursing — University of the Philippines Manila – College of Nursing, 2017
