

Roberto Jose Cruz

Batangas City, Batangas • rj.cruz.ce@gmail.com • 0936-890-1234

Licensed Civil Engineer with 7 years of experience in structural drafting, CAD operations, and construction measurement. Skilled in AutoCAD, Revit, and field surveying for residential and commercial projects.

CORE SKILLS

Technical Drafting • CAD Operation • Engineering Measurement • Quality Control • Construction Safety
• Surveying Support

WORK EXPERIENCE

Civil Engineering Designer | Megawide Construction Corporation | Mar 2019 – Present

- Produced detailed structural, architectural, and MEP CAD drawings for mixed-use building projects valued at ₱500M+.
- Conducted field measurement surveys to verify as-built conditions and update construction drawings.
- Reviewed engineering plans for constructability and ensured compliance with NSCP and local building codes.
- Led quality control inspections for concrete works, rebar placements, and finishing trades.

Draftsperson / Site Engineer | DMCI Homes – Batangas Project | Jun 2016 – Feb 2019

- Prepared shop drawings and material submittals for structural and architectural components.
- Assisted the project engineer in construction monitoring, daily site safety inspections, and progress reporting.
- Operated total station equipment for layout works and site measurement verification.

EDUCATION

Bachelor of Science in Civil Engineering — Batangas State University, 2016

CERTIFICATIONS

- Registered Civil Engineer – PRC, 2016
- AutoCAD Certified User – Autodesk, 2017
- Construction Safety and Health (CSH) – OSHC / DOLE, 2018
