Reliable Production Worker with 6 years of experience in electronics assembly, packaging, and quality inspection in export manufacturing. Committed to workplace safety and lean production practices.

CORE SKILLS

Machine Operation • Assembly Work • Packaging • Quality Inspection • Workplace Safety • Production Monitoring

WORK EXPERIENCE

Production Line Leader | TDK Philippines Inc. – Cavite Export Processing Zone | Jan 2020 – Present

- Supervised a team of 15 production associates in electronic component assembly (capacitors and inductors) meeting daily output targets.
- Operated semi-automated assembly and testing machines following standard operating procedures (SOPs).
- Conducted in-process quality checks using calipers and digital measurement tools, maintaining defect rate below 0.5%.
- Ensured workplace safety compliance by enforcing PPE use, conducting toolbox meetings, and reporting hazards.

Assembly Worker / Packaging Operator | Del Monte Philippines – Canlubang Plant | Mar 2017 – Dec 2019

- Assembled and packed canned and bottled food products along the production line at required speeds and quality standards.
- Performed basic machine cleaning and minor adjustments to maintain production flow.
- Participated in 5S activities and contributed to Kaizen suggestions that improved packaging line efficiency by 8%.
