Experienced Farmer and Agricultural Worker with 12 years of hands-on experience in rice and vegetable crop production, integrated pest management, and horticulture for both subsistence and commercial farming.

CORE SKILLS

Crop Production • Pest Management • Horticulture • Animal Care • Environmental Conservation • Waste Management

WORK EXPERIENCE

Farm Manager / Crop Technician | Cagayan Valley Agricultural Cooperative | Mar 2016 – Present

- Managed seasonal rice and vegetable (ampalaya, sitaw, kangkong) crop production on 15-hectare cooperative farmland.
- Applied integrated pest management (IPM) techniques to reduce pesticide use by 35% while maintaining crop yields.
- Supervised planting, fertilization, irrigation, and harvesting operations for two cropping seasons per year.
- Mentored 8 smallholder farmer members on soil health, organic composting, and proper pesticide handling.

Agricultural Technician | Department of Agriculture – Region III | Jun 2011 – Feb 2016

- Provided technical assistance to rice farmers on seed selection, water management, and fertilizer application.
- Monitored crop health, documented pest and disease occurrences, and recommended appropriate interventions.
- Distributed seeds, fertilizers, and farming inputs to farmer-beneficiaries under the Rice Program.

EDUCATION

Bachelor of Science in Agriculture — Central Luzon State University – Nueva Ecija, 2011

CERTIFICATIONS

- Good Agricultural Practices (GAP) Certification – Bureau of Plant Industry, 2017
- Organic Agriculture Training – DA-ATI, 2019
